

Project Planning Sheet

Fill in completely before starting. Keep with the project until cured and finished.

PROJECT DETAILS		
Project name / description		Date
Resin brand	Ratio A:B	Pour type (coating / casting / deep)

MOLD & RESIN CALCULATION		
Mold shape		
Mold dimensions (L x W x D or Ø x D)		inches / cm
Net mold volume (from calculator or formula)	_____	fl oz or ml
+ 15 % waste buffer (net x 1.15) ← MIX THIS	_____	fl oz or ml
Part A required (waste vol x A fraction)	_____	fl oz or ml
Part B required (waste vol x B fraction)	_____	fl oz or ml

COLORANT RECIPE				
Colorant (brand / name)	Type	Amount	% of vol	Notes

TIMING & CONDITIONS	
Room temperature at pour time	_____ °F / °C
Humidity at pour time	_____ %
Mix start time	_____ hh:mm
Pot life ends (mix time + brand pot life)	_____ hh:mm
Minimum cure time	_____ hours
Planned demold date / time	_____

NOTES & OUTCOME

RESULT:	<input type="checkbox"/> Success	<input type="checkbox"/> Minor issues — see notes	<input type="checkbox"/> Remake required
